"I have been a loyal customer since Sept 2007"

★★★★★ 10/15/14

I have been a loyal customer since Sept 2007. My daughter was 6 years old then and she was suffering from bad headaches so I decided to switch stores and start using the ecosense line, well I noticed an immediate difference. She no longer complained of headaches so it was obviously the chemicals that were causing them. Solumel has saved my carpet and counters more times then I can count & the vitality pack has helped me stay off of cholesterol medication and gave me energy during the day. I have yet to try a product I don't like, everything I have used over the last seven years is better then anything I have ever bought from a grocery store. I am a very happy customer that is so thankful for this company & I hope to start building a business soon.

"Me encanta cada producto de Melaleuca, no porq los..."

★★★★★ 10/15/14

Me encanta cada producto de Melaleuca, no porque los venda sino por convicción. Creo en el poder de la naturaleza, cómo nos ayuda a sanar con su delicado balance y Melaleuca recoge esos atributos convirtiendo un producto bueno en uno excepcional.

Estoy orgullosa de pertenecer a esta gran compañía, orgullosa de ser parte de algo tan grande que ni nos imaginamos. Melaleuca a cambiado mi vida y seguiré cambiando vidas con Melaleuca.

"Our family loves Melaleuca products from the shampoo..."

★★★★★ 10/15/14

Our family loves Melaleuca products from the shampoo to the chewing gum, our whole home is converted out. My kids beg for the organic popcorn everyday! And I love knowing that all the products we use are safe for my family and for the environment and that they are going to work well and get the job done the first time. I have severe allergies and asthma and have been able to come off meds thanks to Melaleuca. They also send me a check every month for customers I referred years ago. That's helped pay household bills and put money into savings. We love Melaleuca and we would refer customers to our favorite store even if they didn't send us a check.

"We have been customers of Melaleuca since October of..."

★★★★★ 10/15/14

We have been customers of Melaleuca since October of 2004! We could not imagine shopping any place else! It is amazing that we can shop direct with the manufacturer and save hundreds if not thousands of dollars each year simply because we switched

rest?

Well, it all starts with Melaleuca's mission statement: "Enhancing the lives of those we touch by helping people reach their goalsSM." That's not just some fancy yet hollow phrase a copywriter came up with on a whim. It's a deliberate and thoughtful statement, and the guiding principle behind everything Melaleuca does, down to the smallest act by the last employee.

Melaleuca's goal is to help people achieve total wellness. To do that, it has created over 350 exceptional products that people use and rely on every day. The company with the best product wins, and Melaleuca has worked with some of the world's top researchers to create better, safer products using a balance of science and nature.

These products are not only better for your body and the environment, they're also a better value. Since it opened it 1985, Melaleuca's founding axiom has been "Exceptional products at reasonable prices."

Melaleuca's products are affordable thanks to its unique business model called Consumer Direct Marketing®. Melaleuca manufactures its own products and ships them directly to its customers; those customers then earn commissions through word-of-mouth referrals. There are no middlemen or advertisers taking a portion of the revenues. The result? Millions of satisfied customers who enjoy higher-quality products at a better value—and over \$3.6 billion in paid commissions to date.

Helping other people. Enhancing their lives. To so many companies, where it's every man for himself, those ideals are an afterthought at best. But to Melaleuca, it's a mission. Learn more about The Wellness Company at Melaleuca.com.

"2 years ago I joined Melaleuca because I was looking..."

★★★★★ 10/15/14

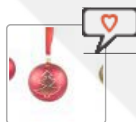

2 years ago I joined Melaleuca because I was looking for "natural" kosher vitamin.

Today, 2 years later, my home is ONLY Melaleuca! I have a mission in sharing with others.

Together we can each do a small part for a healthy planet. Things like protecting our water, improving the air quality in our homes, and reducing waste. How you may ask? Simple. Switch stores to buy product you are already buying except now you will be buying SAFER products for the home and body.

“I just wanted everyone to know about great testimonies...”

★★★★★ 8/24/14

I just wanted everyone to know about great testimonies with Melaleuca. I become a customer over 2 years ago but had never heard of them and was very skeptical. Well, my family has been healthier today than ever before. In fact we only go to the doctor for our well-visits, which when you have 2 little kids that's amazing! **My husband's cholesterol levels all went down and I've cut my hygienist visits from 4 to 2 a year (used to get a lot of staining from tea).** So, our family is healthier, I save money on our groceries each month and I've been able to stay home and work around our family's busy schedule. Been an amazing ride so far! Can't wait to see what the next 10 years will bring.

"Our family became a customer of Melaleuca because I..."

★★★★★ 8/24/14

Our family became a customer of Melaleuca because I wanted safe products in my home. When I compared Melaleuca prices to what I had been buying, the prices were very competitive and in many cases I was saving money. Their brand of products is vast and we have completely converted our home since 2001. My children are always suggesting that I share my love for these products with their friends because they love them as much as I do. These products truly work better than other products on the market. We are definitely customers for life.

☆ 1 review
🏆 2 helpful votes

I have been a Melaleuca Customer for 15 years. What attracted me to the company was the quality of the products, the safety factor and the price point. I can't live without these incredible products - that deliver the best of science and nature has to offer and at a great value. My favorite is the Vitality Total, GC Control and Access Bars. And for being a loyal customer over the years, I have received over \$2200 in free products of my choice - over and above the 30-40% discount I get with the Preferred Customer program - so it saves me a lot of money shopping at Melaleuca along with all the fabulous customer perks!

"I have been a customer of Melaleuca for over 21 years..."

★★★★★ 8/22/14

I have been a customer of Melaleuca for over 21 years now. Melaleuca manufacture the best, safest, most economical products in the marketplace. The products have made a great difference in my health and the health of many other people that I have

 3 helpful votes

referred to them. I was a very busy High School Principal when I started as a Melaleuca customer and after I realized that I didn't have to sell anything, stock or inventory anything, or pick up and deliver anything, my wife Mary Martha and I decided to start referring our friends and relatives to the company. After they all saw that they or no one else could get hurt with this great company, they started referring customers to Melaleuca also and we and many of them have built tremendous monthly residual incomes. The company takes all the orders, collects the money, does the paperwork, ships the products and sends us a check every month for just referring and helping others open an account. We and many of the people we have referred to Melaleuca have been free to live life on our own terms for many years now. I highly recommend Melaleuca to anyone because I know they all need our exceptional products at reasonable prices, and I know they all need money!

"I started shopping to get a few things"

 8/22/14

I started shopping to get a few things. I didn't know if I wanted to right away because i had read crap on the blogs... so i just decided to go listen to a person tell me about how shopping with melaleuca.com worked. everything she said, we so clear that i knew the things i read on the blogs were from people who were not paying attention or just complainers. I have been a member for over a year now and really like it. the products are great and i don't have to drive around to the store. I also liked that there wasn't a hassle when I had the ups guy drop my box, because melaleuca just sent me more of what got ruined and i got to keep all the other stuff. glad i didn't listen to the bogus blogs

"Our family has had a shopping account with Melaleuca..."

★★★★★ 8/22/14

Our family has had a shopping account with Melaleuca for almost 7 years. We initially setup our account because our youngest son has asthma and we wanted to do what we could to eliminate the unwanted toxins and chemicals from our home. I'm so grateful we found Melaleuca products. We now shop once a week with the peace of mind knowing we are getting great products at a reasonable price. My son has not had an asthma attack in well over 6 years! His health and the health of everyone in our family has truly been enhanced by Melaleuca's product line! They have wonderful customer service and the website is a wealth of knowledge. I love going out and reading about the science behind the products, learning how the products are manufactured, learning how they compare with the grocery store brands, etc. Thank you Melaleuca!

“I absolutely LOVE Melaleuca!”

★★★★★ 8/22/14

I absolutely LOVE Melaleuca! I love their mission of enhancing lives by helping others. I have been shopping for their superior products for 18 years and now my grown up children and my grandchildren are. We would not be without these products. So many health benefits and now turning a household expense into a revenue stream simply by referring other families to a superior shopping system.

“I love Melaleuca, The Wellness Company”

★★★★★ 8/22/14

I love Melaleuca, The Wellness Company. I will be a customer for life! I have been a customer for 4 years and I have a phenomenal health story I share with many people. I know others who have spectacular stories of health and wellness. I love that I can purchase health and wellness products that are safer for my home and my family and I don't have to pay an arm and a leg to have them in my home and to be able to use them. I love that I can shop directly at the manufacturing company and the products sell themselves. No one gets hurt with Melaleuca!

“My family has been using Melaleuca products for 20...”

★★★★★ 8/22/14

My family has been using Melaleuca products for 20 years and it has been an amazing experience.
By getting the toxins out of our home and switching to this phenomenal product line, we have been able to help our daughter's asthma and our son's eczema while getting healthier ourselves.
We also chose to take advantage of the referral marketing component of Melaleuca - definitely a blessing on our family :)

“For almost 20 yrs I have been a Melaleuca customer...”

★★★★★ 8/22/14

For almost 20 yrs I have been a Melaleuca customer and enjoyed very high quality products at reasonable prices. Melaleuca has always provided exceptional customer service and has gone above and beyond to provide satisfaction in all instances. I recommend this manufacturer and online shopping system highly.

Q: *Are all products cancer free toxins*

2 days ago [Answer](#)

Janice H.

A: That's a difficult question because all people are different. Some people are allergic to nuts. Does that make nuts toxic? I guess it does to the person allergic to them.

That being said, overall, more people have found that switching to the Melaleuca brand has tremendously helped many eliminate even serious health problems. I've personally witnessed people who suffered from eczema and asthma reverse the symptoms when they simply switched to Melaleuca's laundry products. Logic would tell you that there must be something different about Melaleuca's products versus what people typically buy off local store shelves.

Hope this makes sense. With well over a million people test driving the products, and Melaleuca never having to pay a single penny on liability claims (even though many children have ingested the products), there is some pretty strong evidence that Melaleuca's product line a very safe.

Q: *I recently bought the Peak Performance Total Health. But I did not find how to take these vitamins. Could you tell me how?*

1 week ago [Answer](#)

John B.

A: They come in an AM pack and a PM pack take with breakfast and with evening meal. If your on medications take hem first wait 1 hour then take the food supplements. So easy to do.
